

## **Adray All Academic 2022-2023**

Adray Teams,

In our effort to build great people both on and off the ice, we will again be awarding the Adray All Academic Award this season. Any player with a grade point average of 3.5 or above will receive an **Adray All Academic Award** recognition. In addition, our newest award for any player with a grade point average of 3.9 or above will receive an **Adray All State Academic Award** recognition. We also except notification of exceptional performance in the classroom from the attending school if grade point averages are not used. Each of these players will be honored by their name being posted under the heading Adray All Academic on the Adray web site. Certificates are available on request for presentation during your yearend events. The grade point average that will be used is the marking period following the date of 1/1.

It is our goal with this award to reinforce the importance of education in conjunction with success on the ice. So many of our players must work very hard to achieve good grades we would like to do our part to support these efforts.

Eligible players are 8U, 10U, 12U, 14U and Prep participants in Adray. Each team will submit their list to the league by the date of 2/22. When submitting your teams list of honorees make sure to include in the subject line of the email "Adray All Academic Award". As always if you have any questions about this award, please contact me direct.

Take Care,  
Bobby Mitchell Jr.
